

Carlisle Area School District Success Story

Pennsylvania-based School District Reduces TCO by 50% with FMX

COMPANY OVERVIEW:

Carlisle Area School District serves approximately 5,098 students, K-12. The district is committed to providing all students with educational and leadership opportunities, enabling them to become contributing members of our diverse society. Carlisle Area School District offers a wide array of opportunities for students to benefit from, including summer programs, athletics, arts, and music.

I think staff has found that FMX is working better for them [than the previous system]. We're able to put an iPad in their hands and they can go out, attach pictures, and respond easier than before.

- KARISA LEHMAN,
CUSTODIAL SUPERVISOR

CHALLENGES BEFORE FMX:

- The school district was unable to customize their previous CMMS to meet their needs
- The rising costs of their previous CMMS were becoming too expensive

FMX BENEFITS:

- Carlisle Area School District is able to do more than they could with their previous system for a more reasonable cost
- Once staff started navigating around FMX's software, they were able to quickly learn how to utilize its many features
- The school district's contracted staff and vendors can be added to FMX as users, which keeps data and communication regarding requests in one central, organized location
- The Custodial Supervisor is able to keep organized by inputting her daily tasks in FMX
- The staff is able to track equipment through FMX's equipment module, which enables them to manage equipment efficiency and track historical maintenance data
- The school district is able to track deliveries (from parcel services) through their custom Supply and Receiving Requests module, making it easy for orders to get to their appropriate destination
- Invoices can easily be shared amongst contracted staff and the Carlisle Area School District, keeping these finances accessible and up-to-date

RESULTS WITH FMX:

- Carlisle Area School District is now saving half of their budget focused on their CMMS solution
