Cleaning and Disinfecting Electronics

For electronics, such as tablets, touch screens, keyboards, remote controls, and ATM machines

1. Consider putting a wipeable cover on electronics.

2. Follow manufacturer's instruction for cleaning and disinfecting.
   If no guidance, use alcohol-based wipes or sprays containing at least 70% alcohol. Dry surface thoroughly.

These helpful tips are provided by the CDC and FMX. Print and post them prominently to help keep your employees and building occupants safe.
